

REPORT ON SCHOOL RAISING DAY-08/07/2020

“Education is the most powerful weapon which you can use to change the world.”

-Nelson Mandela

The cycle of time brings us back to the place and span where we begin anew each year, again and again with new vim, vigor and validation. Maintaining the power and strength for a long time is a solid matter. Standing at the threshold of an era of new challenges and novel aspirations NCS (K) observed its 35th raising day with all its prosperity and reverence. Started in the year 1986 with a mission to nurture each child; to make compassionate and discerning individuals through holistic education, NCS (K) still continuous its journey by overcoming new obstacles and challenges.

To recall the whole journey of NCS (K) the four houses together coordinated the programme and made it a success. The students put a great effort along with the teachers to conduct a virtual assembly which highlighted the great voyage of NCS (K) from 1986 to the present. Dr. Nellie Paul Verghese, principal NCS (K) Kochi congratulated all the academic and non-academic staffs and students for their contributions to raise the school to its peak of success.

Students wished NCS (K) a **HAPPY BIRTHDAY** through melodious songs and instrumental music. The tiny totes of NCS (K) presented a mesmerizing classical dance which added to the beauty of the day. All houses together put up a spectacular dance performance through the virtual platform. The programme ended with student speech which made each one to remember the long journey of NCS (K) over the past years.
