SSB GUIDANCE PROGRAMME AT SNC

1. As an initiative from NWWA (SR) for the benefit of naval wards and for the children whose either of the parents are posted to units under SNC, a SSB Guidance Programme is planned to be conducted on all Sundays, purely on voluntary basis. While the target group for this programme will be students from Class XI and XII, every effort will be made to minimise its interference with school's routine/ study time. Other children either pursuing or completed their degree programme can also attend the programme. In addition, a separate orientation programme would be organised for class X students during the academic session whose schedule will be promulgated later.

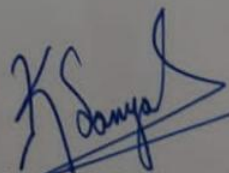

2. NCS (K) will be the coordinating school for the programme. The first session of SSB Guidance Programme will commence on 19 Jun 22 (Sunday) over online mode. The programme will be as indicated below: -
